

## Housing Cost Worksheet

**Housing Cost:** Fill in the amount you spend in each category of living expenses and calculate the percent of your income you spend on each category below. Can you afford to spend the 30-35% of your income on housing as recommended by many experts?

<b>Net Monthly Income</b> List your take-home pay here after all of the deductions have been made.		
:		
<b>Monthly Living Expenses</b>	<b>Amount Spent</b>	<b>Percent of Net Monthly Income</b>
Food		
Health care		
Insurance		
Clothing		
Debt Payments		
Utilities		
Savings		
Disposable income		
Housing		30-35%
Other:		
<b>Total Monthly Living Expenses</b>		100%
